

In charge of the colony is Queen Antasia. She makes all the really important decisions including who has what chores. A colony requires a LOT of work!

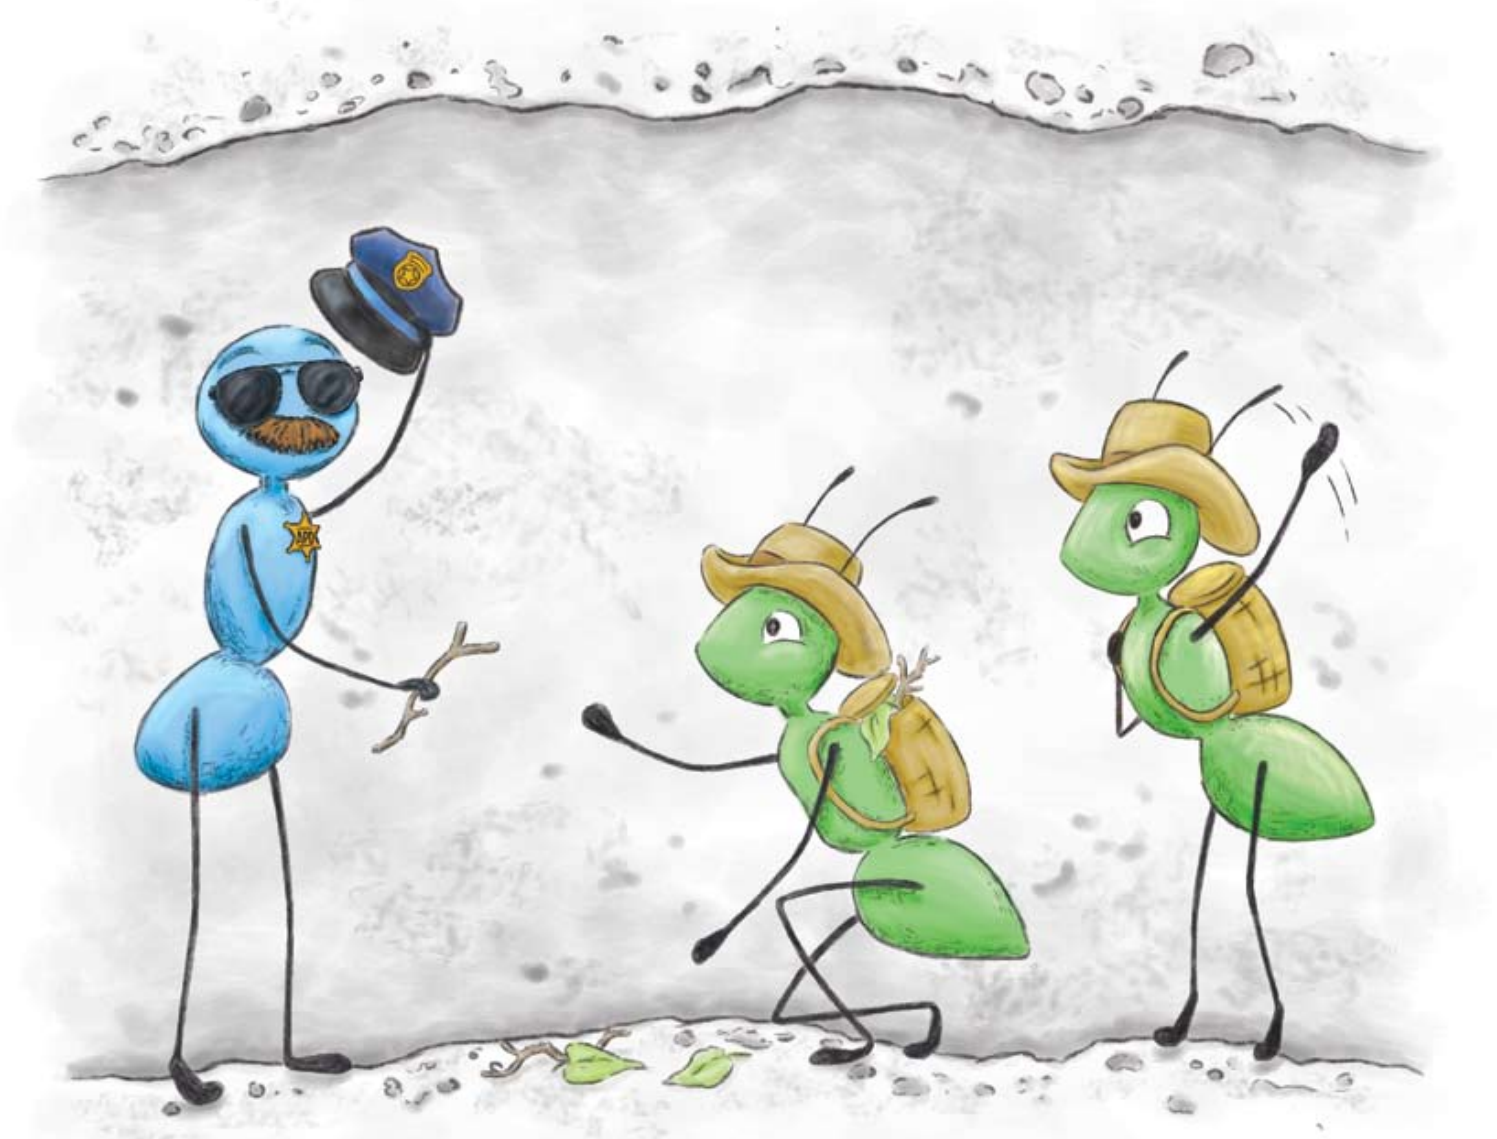

Queen Antasia makes sure
the Digger Ants make all the
tunnels safe and big enough.

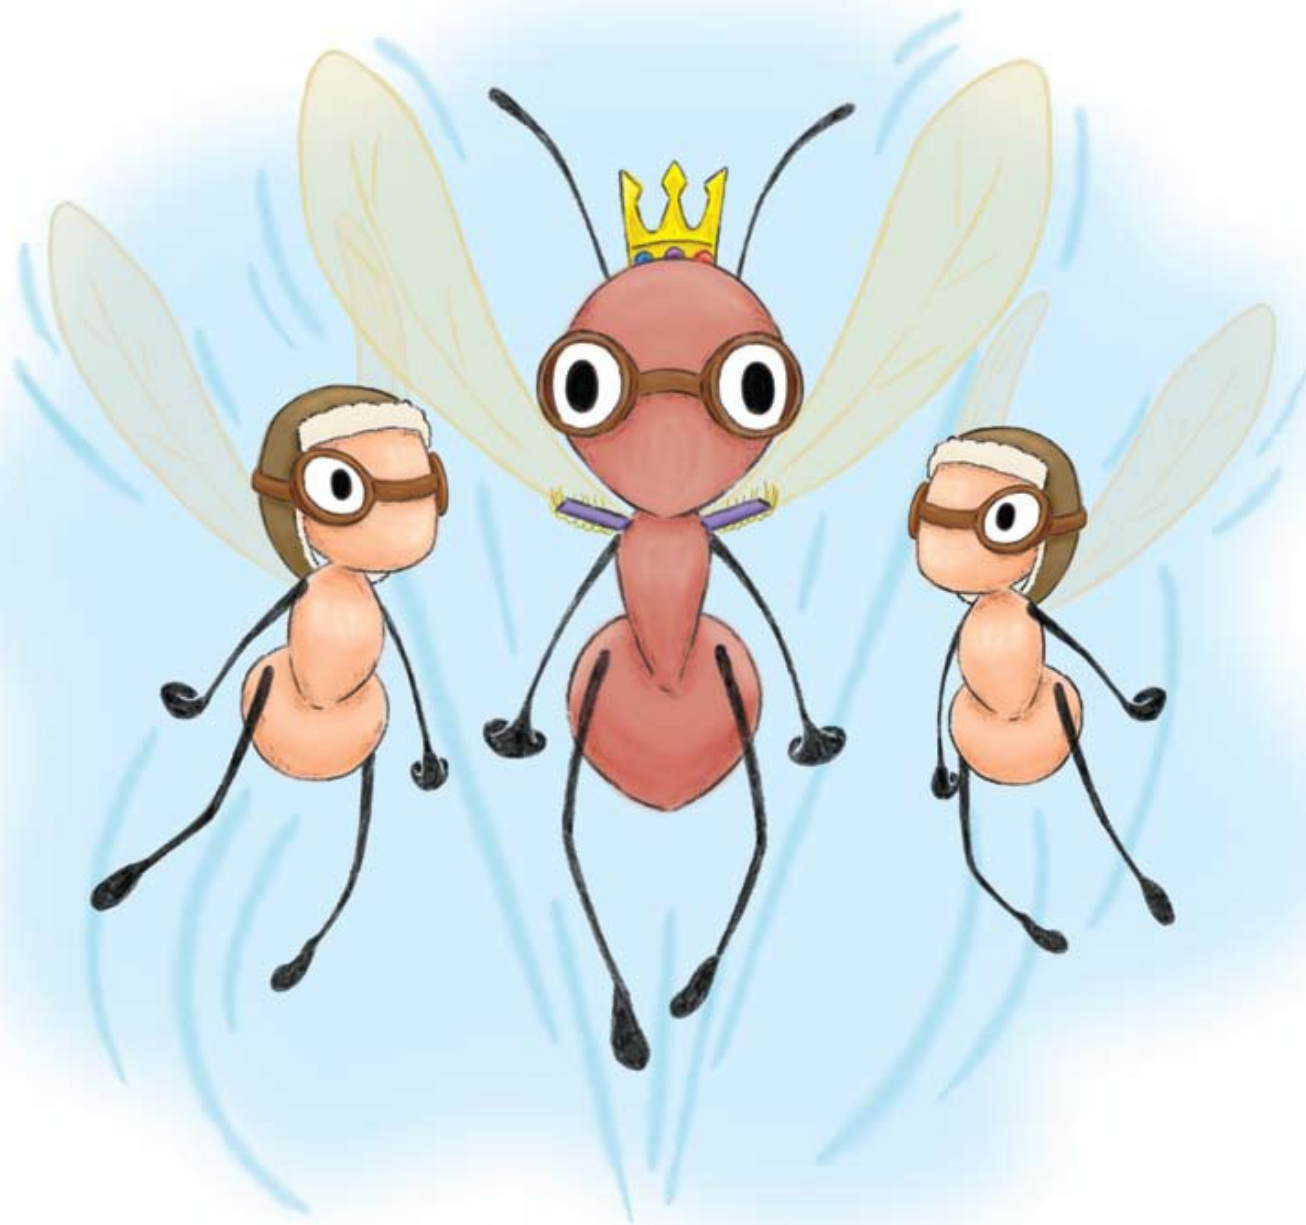

She tells the Gatherer Ants
where to go to collect
food and supplies.

The Police Ants patrol all the tunnels and make sure everything is working smoothly and all the other ants are safe.

The Police Ants are very friendly and chip in and help whenever it is needed.

The most specialist ants of all are the Flyer Ants. They are born with wings! The Flyer Ants are led by Prince Antrew. Prince Antrew is the son of Queen Antasia.
